Insert paper roll
- Press the unlock button, the printer drawer opens.
- Insert paper roll.
- Make sure that the paper roll does not become jammed in the printer drawer and the start of the paper (1) extends beyond the edge of the printer drawer!
- Close printer drawer centrally. An interrupted printout is automatically continued when paper is inserted (< 1 hour).
- Pull the printout up and down over the paper cutting edge and then tear the printout from the roll of paper.
