Are you active in cross-border traffic within the EU?

Then we would like to make you fit for the biggest change in the transport sector in Europe!

Invitation to the virtual roadshow
EU Mobility Package I + Smart Tachograph Version 2
01.06.2022, 3.00 p.m.-4.30 p.m.

The legislative changes of the EU Mobility Package I concern the transport sector and give rise to much discussion and clarification. We take up the relevant issues and present you with innovative solutions for compliance during our roadshow.

What is going to be covered

Our guest speaker Götz Bopp, consultant for compliance management and expert for social regulations, will inform you about the changes in social legislation such as the Posting of Workers Directive, mandatory return and driving and rest periods.

Our experts Matthias Kliché and Timo Ketterer will show how we support you in implementing and complying with the regulations with our smart tachograph version 2 and our services.

We will be happy to answer your questions in the final Q&A session.

Christopher Schrecke, Head of Media Relations at Continental Automotive GmbH, will guide you through the event. You can choose to follow the event either in English or in German.

We are looking forward to your visit!
