

## NightViu® Driving Light S CB RE 2600

2801701002300

### Product information

|                                             |                      |
|---------------------------------------------|----------------------|
| Order number                                | 2801701002301        |
| Application (Category and Product specific) | Additional main beam |

### Electrical data

|                 |                                         |
|-----------------|-----------------------------------------|
| Nominal voltage | 12/24 V                                 |
| Nominal power   | 29 W                                    |
| Connector       | DEUTSCH Female DT04-2P 2-Way receptacle |

### Photometric data

|                       |                   |
|-----------------------|-------------------|
| Luminous flux         | 2600 lm           |
| Colour temperature    | 6000 K $\pm$ 500K |
| Light distance at 1lx | $\geq$ 210 m      |

### LED module information

|                           |    |
|---------------------------|----|
| Number of LEDs per module | 12 |
|---------------------------|----|

### Weight

|     |                |
|-----|----------------|
| Kit | 700g $\pm$ 20g |
|-----|----------------|

Environmentalconditions

|                     |                  |
|---------------------|------------------|
| Ambient temperature | -30 °C to +60 °C |
|---------------------|------------------|

Lifetime

|                           |          |
|---------------------------|----------|
| Service life Tc L70B50 *) | > 5000 h |
|---------------------------|----------|

\*) By definition, the module is defect as soon as the luminous flux of 50% of the used LEDs drops below 70% of the specified minimum value

Certificates & Standards

|                                 |               |
|---------------------------------|---------------|
| Standards complied:             | ECE R10, R112 |
| Certification marks - approval: | E4 approval   |
| Type of protection:             | IP69K         |
