Release: 2.2.1.20 2023-08-10

Updater for VDO SmartTerminal TerminalTools/Server PC SOFTWARE:
(firmware included)

- VDOSmartTerminalSetup_v2.2.1.20.exe

In the download of TerminalTools/Server PC software the Terminal firmware is included.
For existing applications of the TerminalTools/Server just exit the application and over install the software with the new version.

Changes from PC software version v2.1.0.18 to v2.2.1.20:

- Handling new DLK Smart Download Key
- Setting for SSH Port for SmartTerminal Upload configurable

Actual **firmware** for the VDO SmartTerminal is included in the download but can also be downloaded separately, if desired (separate Update file on VDO Portal;
Link: www.smartterminal.vdo.com/:)

- Firmware version V2.2.1.20 from Aug. 2023:
  VDOSmartTerminalFirmware_v2.2.1.20.zip

Please update your VDO SmartTerminal with this latest firmware!
