

DLK SMART DOWNLOAD KEY

The handy
all-in-one solution

The compact DLK Smart Download Key is a powerful solution from VDO for reading out, storing and archiving tachograph and driver card data on board quickly, securely and in compliance with the law.

Convenient Plug & Play

The DLK Smart Download Key is simply connected to the digital tachograph via the 6-pin front interface. The driver card is inserted into the integrated card reader – and the download process begins. All mass memory and driver card data is automatically loaded and saved in compliance with the law. This means you can comply with all legal requirements – without any extra effort.

- / 4 GB of memory: space for thousands of downloads
- / 2.4"-TFT touch display: rotatable, intuitive, easy to read
- / Reminder function: never miss a deadline again
- / Can be used anywhere: data access without a fixed infrastructure
- / Fleet data: via Bluetooth® directly into VDO Fleet Tachograph Management

/ Compatible: supports DTCO® 4.1a and higher as well as all digital tachographs

/ Updateable: free updates in the VDO information portal [my.VDO.com](https://my.vdo.com)

/ Multilingual: 29 languages available, large memory capacity

Utilize fleet data immediately

The DLK Smart Download Key works seamlessly with the new VDO Fleet App. The integrated Bluetooth® interface allows downloaded tachograph and driver card data to be transferred directly to VDO Fleet Tachograph Management – easily, on the go and in real time. When used with the VDO Fleet App, the DLK Smart Download Key becomes the heart of modern mobile fleet management.

NEW:
VDO FLEET APP!

VDO

DLK Smart Download Key

Special features

- / Direct download of driver card and mass memory data
- / Automatic upload to VDO Fleet Tachograph Management (license required)
- / USB and Bluetooth® data transfer
- / Password protection, LED status indicators
- / Acoustic signal at the end of the download: 80 dB at a distance of 10 cm from the housing
- / Can be used as a conventional USB stick
- / 29 languages available

Contents of package

- / DLK Smart Download Key with permanently integrated caps
- / Software for configuration, data visualization and archiving
- / USB extension cable
- / Quick start guide (printed)
- / Operating instructions (digital, on the key)
- / Wrist strap

TECHNICAL DATA

Article number	2910003149100
Dimensions	126 × 52 × 19 mm
Weight	103 g
Display	Capacitive 2.4-inch TFT touch display, 320 × 240 pixels, 180° rotatable
Memory	eMMC: 4 GB DDR RAM: 128 MB
System requirements	Windows 10/11/Server 2022, each with current service pack, free USB-A connection or Bluetooth® low energy 5.0 interface, browser application, PDF reader
Interfaces	6-pin, for digital and intelligent tachographs (DTCO® 4.0, 4.1, 4.1a), USB 2.0 HS (USB-A), smart card reader (ISO/IEC 7816), microSD (SD and SDHC), Bluetooth® low energy 5.0, NFC and QR code for Bluetooth® pairing

Compatibility	Digital and intelligent tachographs (DTCO® 4.0, 4.1, 4.1a), all 3 generations of tachograph cards, compatible with 12-V and 24-V devices, DTCO® 4.1 and DTCO® 4.1a ready
Battery	LiPo 3.7 V, 1,170 mAh, 4,329 mWh
Housing	PC/ABS power
Power supply	Supply USB: 4.75–5.25 V, max. 0.5 A charging power 6-pin: 9–30 V, 40 mA (depending on the connected tachograph)
Temperature	Operating temperature: –10 °C to +60 °C Storage temperature: –20 °C to +85 °C
Protection class	IP3X, fixed caps for interface protection
